

From Berlin to Jerusalem – The Bell of Peace

(Words & Music by Horst G. Hoffmann, 2025)

The Bell of Peace, just made of guns
and bombs and tanks and all that junk
Now ring the bell for peace on earth
you are worth to end the wars.

Strangers meet along the way,
Sharing bread and salt each day.
Hands together, heart to heart,
That's the place where peace can start.

**From Berlin to Jerusalem
Ride on — the Bell of Peace!
through the mountains and the streets.
Ring, ring — the Bell of Peace!
From Berlin to Jerusalem
Ride on — the Bell of Peace!
For hope, for love, come let us dream
Ring, ring — the Bell of Peace!
Ring, ring — the Bell of Peace! The bell of peace!**

In every step the message grows,
In every smile the spirit shows.
The track, 3000 Miles and more
the Peace Bell journey goes on and on.

Chorus

Side by side, we walk the line,
Where every culture can shine
No matter where we all come from
let the whole world sing along.
